## Personal Information

**First Name:** Firoozeh    **Surname:** Sajedi

**Nationality:** Iranian    **Title:** Professor of Pediatrics

### Work Address:

Clinical sciences department and Pediatric Neurorehabilitation Research Center (PNRC),

University of Social Welfare & Rehabilitation Sciences (USWR)

Koodakyar st. Evin Tehran IRAN

Tel : +98 21 71732850

Postal code: 19857138341

**Email :** [fi.sajedi@uswr.ac.ir](mailto:fi.sajedi@uswr.ac.ir) , [fisajedi@gmail.com](mailto:fisajedi@gmail.com)

## Educational Background

1990 – 1993	Specialist in Pediatrics, Medical Children Center,  Tehran University of Medical Sciences, Tehran, IRAN.  Title of thesis: A survey on ulcerative colitis patients in Medical Children  Center (1979 – 1990)
1983 – 1990	MD, Faculty of Medicine, Tehran University of Medicine Sciences. Tehran, IRAN.  Title of thesis: Etiology of Intrauterine Growth Retardation ( IUGR)

## Publications

## Papers in Journals:

1. Well-being and coping capacities of adolescent students with hearing loss in mainstream schools, 2020, *Iranian Journal of Child Neurology*
2. The effectiveness of a specifically-designed language intervention protocol on the cochlear implanted children's communication development, 2019, *International Journal of Pediatric Otorhinolaryngology*
3. Marital satisfaction and depression in mothers of 3-4 year old children with developmental delay in comparison with mothers of normal children, 2019, *Iranian Journal of Child Neurology*
4. Randomized trial of a resilience intervention on resilience, behavioral strengths and difficulties of mainstreamed adolescent students with hearing loss, 2020, *International Journal of Pediatric Otorhinolaryngology*
5. Effect of purgative manna on neonatal hyperbilirubinemia: A systematic review and meta-analysis, 2019, *Iranian Journal of Pharmaceutical Research*
6. The development of an interventional package on “receptive vocabulary” for cochlear implanted children, 2019, *Iranian Journal of Child Neurology*
7. Evaluation of the impact of levothyroxine treatment on the psychomotor developmental status of three-year-old children born to mothers with mild thyroid impairment; Tehran Thyroid and pregnancy study: Study protocol for a randomized clinical trial, Open Access, 2019, *Trials*
8. Path analysis of the association between socio-economic status, anxiety, perceived stress, social support and women’s depression, Open Access, 2018, *International Journal of Women's Health and Reproduction Sciences*
9. Comparison of social interaction between cochlear-implanted children with normal intelligence undergoing auditory verbal therapy and normal-hearing children: A pilot study, Open Access, 2018, *Journal of International Advanced Otology*
10. Are the norms of bayley screening test appropriate for persian language children?, 2018, *Iranian Journal of Child Neurology*
11. Early storybook reading and childhood development: A cross-sectional study in Iran, 2018, *F1000Research*

12. Psychometric study of the Bayley scales of infant and toddler development in Persian language children, 2017, *Iranian Journal of Child Neurology*, 11(1), pp. 50-56
13. The effectiveness of cognitive-behavioral play therapy on externalizing behavior problems among street and working children, 2017, *Iranian Rehabilitation Journal*, 15(4), pp. 359-366
14. The efficacy of cognitive behavioral play therapy on self esteem of children with intellectual disability, 2017, *Iranian Rehabilitation Journal*, 15(3), pp. 235-242
15. The effect of care package on motor development among 12-month-old infants in Saqqez-Iran: A randomized clinical trial study, 2017, *International Journal of Pediatrics*, 5(8), pp. 5571-5582
16. Comparing the results of developmental screening of 4 to 60-month-old children in Tehran using parents evaluation of developmental status and ages and stages questionnaires, 2017, *Iranian Journal of Pediatrics*, 27(2)
17. Effect of orthotic gait training with isocentric reciprocating gait orthosis on walking in children with myelomeningocele, 2017, *Topics in Spinal Cord Injury Rehabilitation*, 23(2), pp. 147-154
18. Socioeconomic status index to interpret inequalities in child development Ahmadi Doulabi, 2017, *Iranian Journal of Child Neurology*, 11(2), pp. 13-25
19. Early childhood development and iranian parents' knowledge: A qualitative study, 2017, *International Journal of Preventive Medicine*, 8
20. Association of the single nucleotide polymorphisms of the genes encoding IL-2 and IFN- $\gamma$  with febrile seizure, 2017, *Acta Medica Iranica*, 55(6), pp. 354-359
21. Is the Bayley scales of infant and toddler developmental screening test, valid and reliable for Persian speaking children?, 2016, *Iranian Journal of Pediatrics*, 26(5)
22. Path analysis association between domestic violence, anxiety, depression and perceived stress in mothers and children's development, 2016, *Iranian Journal of Child Neurology*, 10(4), pp. 36-48
23. Determination of validity and reliability of the Bayley scales in infant and toddler development, 2016, *Koomesh*, 18(1), pp. 189-196
24. Relationship of mothers' psychological status with development of kindergarten children, 2016, *Iranian Journal of Child Neurology*, 10(3), pp. 61-72
25. The effectiveness of attribution retraining on health enhancement of epileptic children, 2016, *Iranian Journal of Child Neurology*, 10(2), pp. 53-59

26. Comparison of stress and perceived social support in mothers of 6-18 month-old children with and without developmental delay, 2016, *HAYAT*,21(3), pp. 74-87
27. Effect of education “self-management 5-A's program” on the quality of life mothers of children with cerebral palsy, 2016, *Journal of Chemical and Pharmaceutical Sciences*, 2016, pp. 1-4
28. Faranak Parent-Child Mother Goose Program: Impact on mother-child relationship for mothers of preschool hearing impaired children, 2016, *Iranian Rehabilitation Journal*, 14(4), pp. 201-210
29. Effectiveness of resiliency training in improving mother-child relationship in mothers of children with mental retardation, 2016, *Iranian Rehabilitation Journal*,14(3), pp. 171-178
30. The effect of Neurofeedback on brain waves in children with Autism spectrum disorders, 2016, *Iranian Rehabilitation Journal*, 14(3), pp. 133-138
31. Correlation Between Mothers' Depression and Developmental Delay in Infants Aged 6-18 Months, 2015, *Global journal of health science*,8(5), pp. 11-18
32. The effect of psychological immunization on pessimistic attribution of female students with dyslexia, 2015, *Iranian Rehabilitation Journal*, 13(2), pp. 68-73
33. Validity and reliability determination of Parents Evaluation of Developmental Status (PEDS) in 4-60 months old children in Tehran, 2015, *Iranian Rehabilitation Journal*, 13(2), pp. 62-67
34. Social competence of students with learning disability: Advantages of verbal self-instructional package, 2015, *Iranian Rehabilitation Journal*, 13(1), pp. 10-15
35. Review of structural social determinants of health in early childhood development, 2015, *Iranian Rehabilitation Journal*, 13(3), pp. 119-125
36. The effectiveness of verbal self-instruction method on pessimistic attribution style about negative events in children with dyslexia, 2015, *Iranian Rehabilitation Journal*,13(4), pp. 85-89
37. The assessment effect of Kangaroo care on maternal stress of premature infants hospitalized in neonatal intensive care units, 2014, *HAYAT*,20(3), pp. 74-84
38. The effectiveness of life skills training on quality of life in mothers of children with down syndrome, 2014, *Iranian Rehabilitation Journal*,12(22), pp. 29-34
39. Motor development skills of 1- to 4-year-old Iranian children with early treated phenylketonuria, 2014, *JIMD Reports*,12, pp. 85-89

40. Prevalence of undetected developmental delays in Iranian children, 2014, *Child: Care, Health and Development*, 40(3), pp. 379-388
41. The effect of Perceptual Motor Training on Motor Skills of preschool children, *Iranian Rehabilitation Journal*, 2014, vol 12, No 19.
42. Developing A Bilingual “Persian Cued Speech” Website for Parents and Professionals of Children with Hearing Impairment, *Iranian Journal of Public Health*, 2014, Vol: 43, No: 3.
43. Linear and nonlinear analysis of brain dynamics in Children with cerebral palsy. *Research in Developmental Disabilities*, 2013, vol. 34, No 5.
44. Prevalence of undetected developmental delays in Iranian children. *Child: care, health, and development*, 2013, vol. 36, number 3.
45. Motor development skills of 1-4 year- old Iranian children with early treated Phenylketonuria, *JIMD Reports (Springer)*, 2013, 248.
46. Cross- Cultural adaptation, validation and standardization of Ages and Stages Questionnaire (ASQ) in Iranian children. *Iranian Journal of Public Health*, 2013, vol 42 (5).
47. Disrupted Small- World Brain Network in Children with Down syndrome. *Clinical Neurophysiology*, 2013, vol. 124, number 9.
48. Brain activity of women is more fractal than men. *Neuroscience Letters*, 2013, vol. 535.
49. Identification of chromosome abnormalities in subtelomeric regions using Multiplex Ligation Dependent Probe Amplification (MLPA) technique in 100 Iranian patients with idiopathic mental retardation. *Iranian Red Crescent Medical Journal*, 2013, vol 15(10).
50. Down Syndrome’s Brain Dynamics: Analysis of Fractality in Resting State, *Cognitive Neurodynamics Journal*, 2013, vol 7, No 4.
51. Problem-solving skills level in children with early treated Phenylketonuria, *Iranian Rehabilitation Journal*, 2013, vol 11, No 18.
52. Genomic characterization of some Iranian children with idiopathic mental retardation using array comparative genomic hybridization, *Indian Journal of Human Genetics*, 2013, vol 19, issue 4.
53. A Persian Cued Speech website from the deaf Professionals’ views, *Iranian Rehabilitation Journal*, 2013, vol 11, No 18.

54. The effect of social skills training on socialization skills in children with Down syndrome. *Iranian Rehabilitation Journal*, 2012, vol.: 10, No: 15.
55. Evaluating the Validity and Reliability of PDQ-II and comparison with DDST-II for two step Developmental Screening, *Iranian Journal of Pediatrics*, 2011, Vol: 21 , No:3.
56. Comparing the results of developmental screening of 4-60 months old children in Tehran using ASQ & PDQ, *Iranian Rehabilitation Journal*, 2011, vol.: 9, number: special issue.
57. The effect of Swedish massage on glycohemoglobin levels of children with diabetes mellitus, *Iranian Rehabilitation Journal*, 2011, vol.: 11, number: 1.
58. Validity and Reliability Determination of Denver Developmental Screening Test-II in 0-6 year-olds in Tehran, *Iranian Journal of Pediatrics*, 2011, Vol: 20, No: 3.
59. How effective is Swedish massage on blood glucose level in children with diabetes mellitus? *Acta Medica Iranica*, 2011, vol.: 50, number: 5.
60. Production of a native developmental screening test: the Iranian experience, *Child: care, health, and development*, 2010, vol. 36, number 3.
61. The effects of health education through face to face teaching and educational movies on suburban women in childbearing age. *Iranian Journal of Public Health*, 2010, vol. 39, number 2.
62. Temporary strict maternal avoidance of cow's milk and infant colic. *Acta Medica Iranica*, 2010, vol: 47, number: 6.
63. Motor developmental delay in 7500 Iranian infants: prevalence and risk factors, *Iranian Journal of Child Neurology*, 2010, vol.: 3, number: 3.
64. Muscle tonicity of children with spastic cerebral palsy: how effective is Swedish massage?, *Iranian Journal of Child Neurology*, 2010, vol.: 4, number: 3.
65. Depression in mothers of children with cerebral palsy and it's relation to severity and type of cerebral palsy, *Acta Medica Iranica*, 2010, Vol: 48 , No:4
66. Validity and Reliability Determination of Denver Developmental Screening Test-II in 0-6 year-olds in Tehran, *Iranian Journal of Pediatrics*, 2010, Vol: 20 , No:3

67. A Survey of the Tardive Dyskinesia Induced by Antipsychotic Drugs in Patients with Schizophrenia, *Iranian Journal of Psychiatry*, 2010, Vol: 5 , No:4
68. The effect of Kangaroo Care on behavioral responses to pain of an intramuscular injection in neonates, *Journal for specialists in Pediatric Nursing*, Oct 2008, Vol 13, issue 4.
69. The effect of adding homeopathic treatment to rehabilitation on muscle tone of children with cerebral palsy, *Complementary Therapies in Clinical Practice*, 2008, 1(14).
70. The effect of adding homeopathic treatment to rehabilitation on abnormal reflexes of children with cerebral palsy. *Iranian Rehabilitation Journal*, 2007, No 5&6.
71. Swedish massage and abnormal reflexes of children with spastic cerebral palsy. *Iranian Rehabilitation Journal*, 2007, No 5&6.
72. The effect of Kangaroo Care on physiologic responses to pain of an intramuscular injection in neonates, *Iranian Journal of Pediatrics*, 2007, 17(4).
73. Effect of discharge planning on physical status of neonates, *Acta Medica Iranica*, 2006, 44(6).
74. The effect of oral glucose for relieving pain following intramuscular injection in term neonates, *Acta Medica Iranica*, 2006, 44(5).
75. Can homeopathy used simultaneously with rehabilitation be effective in the treatment of children with cerebral palsy? *Iranian Journal of Pediatric Neurology*, 2007, 1(3).
76. The effect of discharge planning on physical status of mothers, *The Middle East Journal of Nursing*, 2007, 1 (1).
77. The effect of adding homeopathic treatment to rehabilitation on social and speech development of children with spastic cerebral palsy, *Iranian Journal of Pediatric*, 2007, 17(1).
78. A survey of 200 cases of cerebral palsy in rehabilitation centers of Tehran, *Saudi journal of disability & rehabilitation*, 2003, 9 (1) p: 1-8.

### **Papers presented in conferences:**

- 1- The effectiveness of perceptual- motor practice on motor skills in children aged 4-6, 25th international congress of Pediatrics, 13-17 Oct, Tehran, Iran. 2013
- 2- Tourette syndrome and it's comorbidities, 25th international congress of Pediatrics, 13-17 Oct, Tehran, Iran. 2013

- 3- Genomic characterization of some Iranian children with idiopathic mental retardation using array-CGH technique, 2013
- 4- Early detection of autism: parental reports, 2011
- 5- Validation and cross cultural adaptation the ASQ, 23th international congress of Pediatrics, 13-17 Oct, Tehran, Iran. ۲۰۱۱
- 6- Screening of developmental delay in Iranian children, 23th international congress of Pediatrics, 13-17 Oct, Tehran, Iran. ۲۰۱۱
- 7- Speech and language developmental screening in 4-60 months old children in Tehran, 23th international congress of Pediatrics, 13-17 Oct, Tehran, Iran. ۲۰۱۱
- 8- Development in Down Syndrome, Down Syndrome Seminar, Mar 2010.
- 9- The etiologies of delay in early treatment and rehabilitation in children with special needs, First Seminar on Family and Children with special needs, Feb 2010.
- 10- Methods of improving of child development, 30th annual Conference of Iranian Society of Pediatric, Tehran, May 2009.
- 11- The social determinants of health and malnutrition, 21<sup>th</sup> int. Congress of Pediatrics, 7th int. Conference of Pediatric Nursing, Tehran, Oct. 2009.
- 12- TV viewing and child health, Second congress on healthy child, Feb 2009
- 13- Massage therapy in children with CP. 29th annual Conference of Iranian Society of Pediatric, Tehran, May 2008.
- 14- Developmental disorders and neonates in NICU, 19<sup>th</sup> int. Congress of Pediatrics, 5th int. Conference of Pediatric Nursing, Tehran, Oct. 2007.
- 15- The incidence of amputations in hospitalized patients of Shahid Mottahari Hospital, 16<sup>th</sup> int. Conference on Safe Communities, Tehran, Jun 2007.
- 16- The incidence of electrical, chemical and thermal burns in children & adolescents of Shahid Mottahari Hospital, 16<sup>th</sup> int. Conference on Safe Communities, Tehran, Jun 2007.
- 17- The effect of homeopathy on muscle tone of children with spastic CP, First congress on Child development, March 2007
- 18- Homeopathy and CP, First congress of normal child development, Tehran, Mar 2007.
- 19- Methods of improving of child development, First congress on healthy child, Feb 2007
- 20- Developmental follow-up program, 18<sup>th</sup> int. Congress of Pediatrics, Tehran, Oct 2006.
- 21- Etiology of mental retardation (workshop), 27th annual Conference of Iranian Society of Pediatric, Tehran, May 2006.
- 22- High risk factors in Motor Developmental Delays, 27th annual Conference of Iranian Society of Pediatric, Tehran, May 2006.
- 23- Family in NICU, The workshop on " Neonates & environmental factors in NICU", March 2006.

- 24- The necessity of screening and monitoring of development in children, 5th. Congress of Children with Mental Disability, Tehran, Nov, 2005.
- 25- Early detection and intervention in CP, 11th. Congress of Occupational therapy, Tehran, Nov. 2005.
- 26- Principles of rehabilitation team working, 3th int. Conference of Pediatric Nursing, Tehran, Oct. 2005.
- 27- Screening of hearing disorders in children, 26th annual Conference of Iranian Society of Pediatric, Tehran, May, 2005.
- 28- Development and developmental disorders, workshop on "screening of children development with ASQ test "Jun. 2005.
- 29- Inspection of general movements in infants for diagnosing of CP, Second Int. Conference of Pediatric Nursing , Tehran , Oct , 2004
- 30- Role of parents in rehabilitation team for CP child , 3<sup>rd</sup> Seminar on Iranian Child Neurology , Tehran , Feb , 2004
- 31- Interpretation of head circumference in infant, 15<sup>th</sup> int. Congress of Pediatrics, Tehran, Oct 2003.
- 32- High risk factors in Pediatric, Dev. disorders, First int. Conference of Pediatric Nursing, Tehran. Oct 2003.
- 33- The role of accurate observation in early diagnosis of CP in infants, 24<sup>th</sup> Annual Conference of Iranian Society of Pediatric, Tehran, May 2003.
- 34- Development and its different aspects, 14<sup>th</sup> Int. Congress of Pediatric, Tehran, Oct 2002.
- 35- Evaluation of ataxia in children, 23rd Annual Conference of Iranian Society of Pediatric, Tehran, May, 2002.
- 36- Intelligence development in Down syndrome , Conference of Chromosomal Disorders ( Down syndrome ) , USWR , Tehran , Nov , 2002 .
- 37- Early intervention in speech delay, 13<sup>th</sup> Int. Congress of pediatrics, Oct, 2001.
- 38- Genetic counseling in Autism and other PDDs, First Congress of Pediatric Developmental disorders , Tehran , May 2000
- 39- Secondary prevention of communication disorders in children, 5<sup>th</sup> Congress of Speech & Language Pathology, Dec 1999.
- 40- Prevention of mental retardation, first int. Congress of Children with Mental Disability, Tehran, May 1999.
- 41- Relation of genotype and phenotype in phenylalanine hydroxylase Deficiency, first int. Conference of the Genetic of Disabilities, Tehran, Apr 1999.
- 42- Early diagnosis of mental retardation and dev. disabilities, 6<sup>th</sup> Conference of Iranian Occupational Therapy, Tehran, Dec 1998.
- 43- New attitudes in evaluation of mental retardation, Congress of Pediatrics and Rehabilitation, Tehran, Dec 1998.

## **Lectures in Clinical Sciences Department or Pediatrics NR Research Center:**

- 1- Methods of developmental promotion in children 2019
- 2- Early detection of autism 2018
- 3- Developmental follow-up of NICU neonates, Dec 2009.
- 4- Evaluation of Depression of mothers with children with cerebral palsy and It's relation to type and severity of CP, Dec 2008.
- 5- The effective factors in developing motor developmental delay in high risk infants, May 2006.
- 6- Head circumference measurement in children, Oct 2003.
- 7- Early diagnosis of developmental disabilities, Sep 2001.
- 8- Late Talking in children, Oct 1999.
- 9- Chronic cough in children, Feb 1998.

## **Research Interests and Activities:**

1. Relationship between four functional classification systems used in cerebral palsy, 2020
2. Developing and implementing a resiliency enhancement program and study it's effects on mental health of adolescents with hearing impairments in mainstream schools, 2019
3. To investigate the association between factors related the life style and abdominal muscles size in adolescents with chronic nonspecific low back pain from Tehran city in 2019
4. Desiging of software of diagnosis of disfluency, 2018
5. Correlation between parental spiritual health with child development in aged 3-5 years, 2018
6. Evaluation of methods for Promotion of developmental status in Iranian children, 2017
7. Assessment of "quality indicators" in theses of Masters and PhD students in the University of Social Welfare and Rehabilitation Sciences, from the year 2011 to 2015, 2017
8. comparing the result of Developmental screening of 4-60 months old children in Tehran city by using ASQ and PEDS, two parental based questionnaires, 2016

9. Reliability & preliminary validity determination of the Iranian (persian) version of Bayley Scales of Infant and toddlers Development III test in 1-42 months old children in Tehran city, 2016
10. Needs assesment of general physicians and pediatricians for trainining in early childhood development (0-8 years old), 2015
11. The preparation of early intervention pogram for Iranian Child with speech and language disorders, 2014
12. The effectiveness of Perceptual-motor practice on motor skills in children aged 4-6, 2013
13. The treatment protocol preparation for children with spastic cerebral palsy based on neurofeedback, 2013
14. A study of neurofeedback outcomes in treatment of clinical signs, behavioral score an electrical brain signals in children with autistic spectrum disorders, 2012
15. A study of **motor**-related brain functions in children with **motor** developmental disorders with brain origin, using the EEG/ERP, 2011
16. A study of **speech**-related brain functions in children with **speech** developmental disorders with brain origin, using the EEG/ERP, 2011
17. A study of **behavior**-related brain functions in children with **behavioral** developmental disorders with brain origin, using the EEG/ERP, 2011
18. A study of **cognitive**-related brain functions in children with **cognitive** developmental disorders with brain origin, using the EEG/ERP, 2011
19. Evaluation of motor developmental level in children 1-4 years old with early treated Phenylketonuria, 2011
20. Needs assessment of **rehabilitation specialists** for training in child development (0-8 years old), 2011
21. Needs assessment of **pediatricians** for training in child development (0-8 years old), 2011

22. Validity & reliability determination of Persian translation of Bayley Scales of Infant Development III test in 1-42 months old children in Tehran city, 2010
23. Validity & reliability determination of Persian translation of **screening** Bayley Scales of Infant Development III test in 1-42 months old children in Tehran city, 2010
24. Internal evaluation of the Clinical Sciences Department, 2009
25. Investigation of sub-telomeric chromosome abnormalities in children with idiopathic mental retardation and developmental delay using Multiplex Ligation Dependent Probe Amplification (MLPA) technique, 2009
26. The preparation of National program for Iranian Child Development Improvement, 2008
27. Standardization of Denver Developmental **Prescreening** Test (PDQ), 2008
28. Standardization of Denver Developmental **Screening** Test II (DENVER II), 2007
29. Evaluation of **Family Function and Quality of Life** of mothers with children with cerebral palsy and It's relation to type and severity of CP, 2007
30. Evaluation of **Depression & Anxiety** of mothers with children with cerebral palsy and It's relation to type and severity of CP, 2006
31. The efficacy of **massage therapy** in spastic diplegic CP children (a randomized clinical trial), 2005
32. The efficacy of **homeopathy** in spastic diplegic CP children (a randomized clinical trial), 2005
33. Standardization of Ages & Stages Questionnaires (ASQ) in Iranian Children, 2004
34. To devise of Developmental Delay screening test for Iranian children (0-2 years old), 2002
35. The incidence of Motor Developmental Delay in high risks infants of health centers of Tehran, 2002

36. A survey on 200 cases of cp in aspect of etiology and associated disorders in Rehabilitation Centers of Tehran,1994

## Books:

### a) Translations to Persian:

- 1- Sajedi F, *From Birth to Five Years (Child Development)*, Mary D.Sheridan , USWR Tehran , 2003 .
- 2- Shoroof A, ghaderi E, Sajedi F, *Myle's Text Book for Midwives*, Bennett, vol 1&2, Chehr pub, Tehran 1996.
- 3- Shoroofi A , Sajedi F , Boostani N , *Assessment / Recognition and Treatment of Pain* , Carol – Bowsher Chehr pub , Tehran , 1995
- 4- Sajedi f , Karimzadeh p , *Textbook of Pediatrics ( Nelson )* , Chap 24 , *Osseous and Joints Diseases* , USWR , Tehran 1995 .

### b) Authorship:

- i. early intervention in children with developmental skeletal disorders 2020
- ii. The blossoming of children 2019
- iii. Dysfluency in children(early detection and intervention) 2015
- iv. *Mental retardation in children*, Sajedi F, Shahshahanipour S, Hadian Jazy MR, USWR , Tehran, 2006.
- v. *Screening, early diagnosis & intervention in developmental disorders of children*. Vameghi R, Sajedi F, Shahshahanipour S, Hatamizadeh N, USWR , Tehran, 2006.

## Membership of professional Associations:

1998 – Present	Member of Iranian Pediatricians Association.
2011- Present	Member of International Child Neurology Association (ICNA)

**Languages:**

English fluent in speaking, writing, reading and listening

Persian native language.

**Awards and Honors:**

May 2010	Superior Professor in USWR
Dec 2008	Active faculty member in workshops
Dec 2007	Superior author for writing of the book titled "Children with Mental Retardation" USWR
Dec 2006	Superior researcher in rehabilitation, USWR.
Dec 2006	Superior peer-reviewer of books for publishing, USWR.
Dec 2005	Researcher of superior research (The incidence of Motor Developmental Delay in high risks infants of health centers of Tehran), USWR.
Feb 2003	Merit award for managing cp children in SABA clinic from the president of USWR.
Jan 2002	Merit award for cooperation in training of psychology students from the dean of psychology faculty of Allameh University
Oct 2000	Merit award for cooperation in foundation of psychology ward of SABA clinic from the head of psychology department of USWR.
